Dear Church Family:

Until we're together in person again for Sunday services, KSMKidz will be providing Kidz Church online for our nursery thru elementary ages. Each lesson will be uploaded to our website ksmcogop.org with the links shared on Facebook @keithstreetministries and Instagram @ksmkidz. Each week we will also be putting a special package in the mail that is planned specifically for your child(ren). Watch our Facebook or Instagram postings for on-line lessons and do these activities with your child. Share pictures of your family having church together or doing their activities using the #ksmkidz. If we can be of any assistance during this time, please contact us.

Your View of the Story

Cutting the grass, weeding the flower bed, and watering the lawn is work. But when we stand back and admire the well-groomed yard, we appreciate God's creation. Share this admiration with your child this week.

Bible Words: "God saw everything that he had made, and indeed, it was very good." Genesis 1:31

Bible Story: (Read the story below to your child or from your favorite Bible story book.)

Creation – From Genesis 1 and the Frolic First Bible (pages 2-3)

Day 3: God said, "The water that is under the sky will come together in one place and dry ground appeared." God called the dry ground 'land.' All kinds of plants and trees began to grow in the ground. God said, "It is good."

"God made the earth, sky and sea. God made the sun, moon, and stars. God filled the earth with plants and animals.

Then God made people. "Care for my creation!" God told them. At the end of each day, God said, "It is good." And then God rested."

Prayer: (pray with your child)

Dear God, thank you for creating the land and plants. Thank you for animals and people. Thank you for creating me too! Amen.

Supplies: cupcake liners, green paper, crayons, glue sticks, glitter (optional)

Help your child glue cupcake liners (colorful side out) onto the green paper. Draw stems, leaves and grass for him/her.

Encourage him/her to decorate their paper. If you are adventurous, add glitter to the inside of the flowers.
